Instructions to Reviewers:

1. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.

2. The attached copy of the application, any copies made therefrom and this form must be returned to the PTO once a recommendation not to impose secrecy has been made or a secrecy order has been rescinded.

Time for Completion of Review:

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

35 USC 181 (a) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application. (b) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (c) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (d) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (e) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (f) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (g) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (h) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (i) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (j) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (k) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (l) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (m) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (n) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (o) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (p) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (q) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (r) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (s) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (t) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (u) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (v) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (w) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (x) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (y) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest. (z) (1) (A) provides that an application for a patent shall not be published until 18 months after the date of filing of the application, except in the case of an application for a patent in a field of technology in which the publication of the application is deemed to be in the public interest.
